

Mallplaza Buenavista starts operations in Barranquilla

With an investment of COP \$ 334,000 million and an area of 58,000 m², Mallplaza Buenavista opened its doors on October 24 with the inauguration of the largest Falabella store in the Caribbean region, which has an area of more than 10,000 m².

As of November, a powerful offer will start operating with about 150 brands, 50 of them new to the city, with big names such as the Cinépolis VIP lounges; Africa, a new generation playground; Eva Boulevard, the largest fair dedicated to women and which arrives for the first time in Barranquilla; and Carulla Fresh Market, among others, which will complement the offer of the Buenavista I and Buenavista II shopping centers.

It will also have the Mercado, the first gastronomic district (Foodhall) of Colombia in a Shopping Center, which will offer a differentiated concept of 40 gastronomic proposals.

Similarly, Mallplaza Buenavista will have a service area, a Notary, medical center (ophthalmology, dentistry and cardiology), Smarfit gym, banks, telephony, hairdressers, SPA, among others.

The Shopping Center was built under the parameters of the LEED certification granted by the US Green Building Council, for energy and water efficiency, and proper waste management.

We are very proud of the opening of our third Mallplaza mall in the country, to increasingly consolidating our presence and operation, and to continue to deliver unique and memorable experiences to all Colombian consumers.
